Delivery Policy

Once payment has been received and verified the detectors will be dispatched by post.

Detectors purchased by cheque will only be dispatched once cheque has cleared.

Please allow 7 working days from receipt and verification of payment by Radon Testing.ie for delivery of goods.

Please notify us if you have not received delivery within the 7 working days.

Detector Kit contents

The Radon Detector Kit will contain the following;

- The number of detectors ordered by you for either your Home or Workplace.
- Instructions for the placement of the detectors in your Home or Workplace.
- Record card (to be completed by you and returned with detectors for analysis).
- Stamp addressed return envelope.

Placement and Return of Detectors

It is the customers responsibility to place the detectors in your Home or Workplace as outlined in the instructions. The detectors should not be interfered with in any way and should be kept out of the reach of children.

It is the customers responsibility to return the Detectors and the completed Record card to Radon Testing.ie using the stamp addressed envelope provided following the test period (normally 3 months).

Analyses and results

The detectors are checked upon return to ensure they have not been tampered with. If they have been opened, no analysis will be carried out.

Following this check they are then analysed and the results sent to you either by email or post. Please allow 15 working days for results from the date of return.

Refunds and Returns

If on receipt of the detectors, they are found to be faulty or damaged please contact Radon Testing.ie to arrange a replacement or refund.

Replacement and/or refunds are not available in any other circumstances.

Replacement and/or refunds are not available if the product is damaged or becomes faulty as a result of misuse, mishandling or the actions of any party other than Radon Testing.ie.
